Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Wednesday 06 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold and wintry.

This Evening and Tonight:
Further showers affecting eastern England, turning icy. Elsewhere, clear periods and a widespread frost, with a few freezing fog patches developing. Rain, sleet, and snow moving southeastwards across Scotland and Northern Ireland.

Thursday:
A band of patchy rain, sleet, and snow moving south across northern England and Wales. Sunny spells in the south. Snow showers affecting northern Scotland. Cold for all.

Outlook for Friday to Sunday:
Sunny spells and wintry showers on Friday. Becoming cloudier and milder in the north with perhaps some rain at times. Fine, cold, and sunny elsewhere with freezing fog patches.
